[REDACTED] CDC, called on 17 March to say that Mrs. Dorothy Matlack, ACSI, had called to his attention an inconsistency in the definition of defector in our Glossary of Operational Terminology. The error is one of omission rather than inconsistency and will be corrected when the Glossary is revised. According to NSC 5706/02 (revised 10/5/60), the definition of a defector includes "Nationals of countries other than the USSR or the Sino-Soviet Bloc who otherwise meet the special interest criteria . . . may qualify for defector status provided such action is determined to be in the best interests of the United States." The Glossary definition describes a defector as "a national of a country in the Sino-Soviet Bloc . . ."
